but I cannot forgive you.
Sorry Indian guy (for now)...
Shiver ? ? Shiver

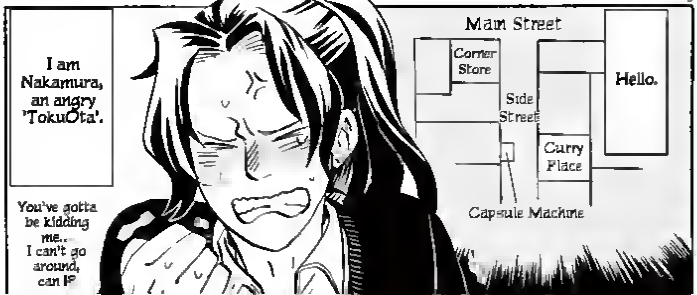
Why did they
put up a store in front of my favorite capsule machine?
There's mutton curry



I am Nakamura, an angry 'TokuOta'.
You've gotta be kidding me.. I can't go around, can I?
Main Street

Side Street
Hello.
Curry Place
Capsule Machine

謎のアイテムたち

people imagined that there were no decent toys among the faulty ones.

Mysterious key chain

Lots of trash on it

A somewhat sticky stuffed animal

Whistle

Super ball

Before they were called 'Capsule Toys',

I think everyone has done this before.

TN: Juushouwan means 'King Commander of the Animals'

there hasn't been anything especially faulty, but rather, there are unquestionably quality and varied items.

Juushouwan Final Wound Series
(All 4 kinds, +1 secret kind)
1 Go 400 yen

But in recent years,

The so called 'Capsule Toys'.

'Juushouwan'... Nakamura-san's favorite Tokusatsu Hero Show. The group of Shishileo, Triger, and Chelda.

There was just one problem...

Toy center at the supermarket arcade

Carriage

Main road

Somewhat safe

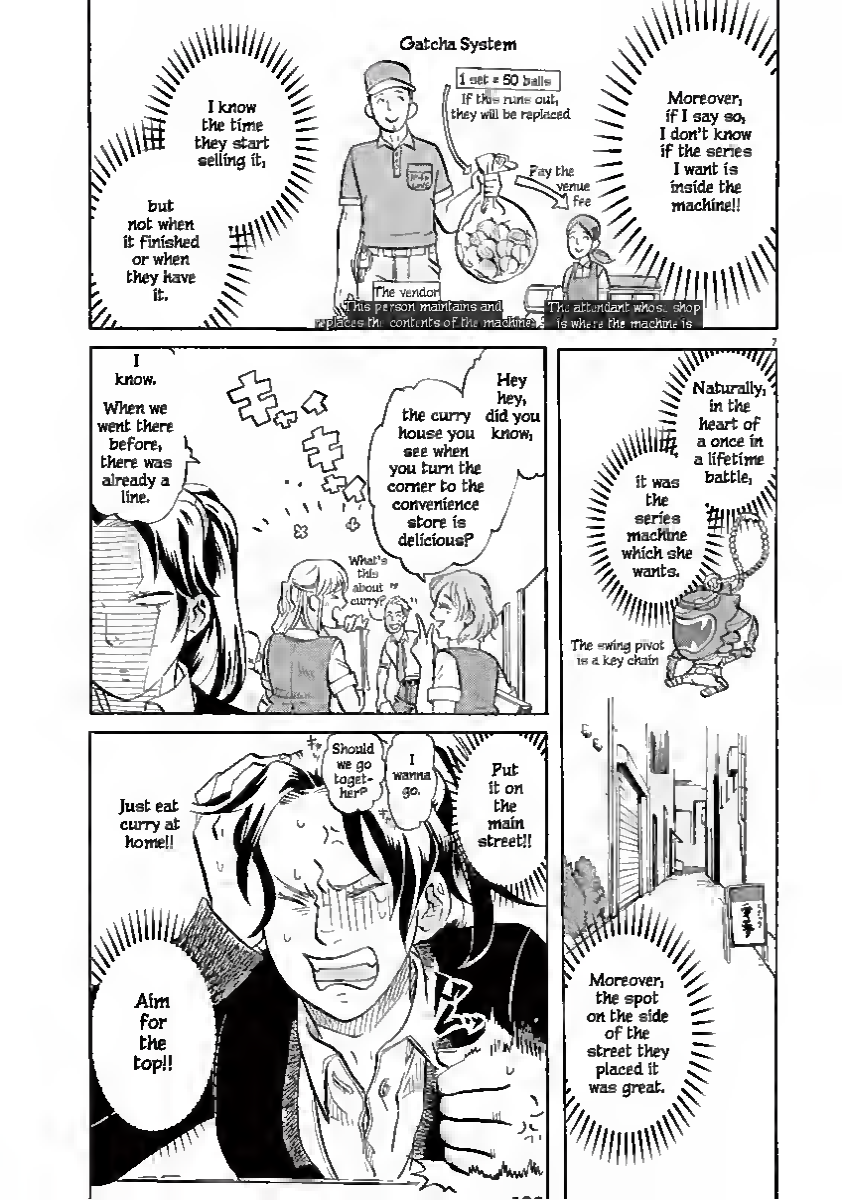
Side road

Safe

So people don't gather around.

Going around for this is just embarrassing me to death!

Even if there is a machine, if the field is bad, I won't do it.



Gatcha System
1 set = 50 balls
If this runs out, they will be replaced
Pay the venue fee
The vendor
This person maintains and replaces the contents of the machine.
The attendant who's stop is where the machine is
I know the time they start selling it,
but not when it finished or when they have it.
Moreover, if I say so, I don't know if the series I want is inside the machine!!
I know.
When we went there before, there was already a line.
Hey hey, did you know, the curry house you see when you turn the corner to the convenience store is delicious?
What's this about "curry"
Naturally, in the heart of a once in a lifetime battle,
it was the series machine which she wants.
The swing pivot is a key chain
Put it on the main street!!
I wanna go.
Should we go together?
Just eat curry at home!!
Aim for the top!!
Moreover, the spot on the side of the street they placed it was great.

AWOOOO
is like a wild animal who lost his habitat.
Ohh... my heart

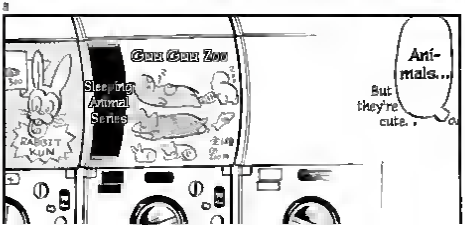
The machines should essentially be at
the entrances of electronics stores, book shops, and supermarkets...

But I won't give up!!
This train's hot for some reason.
I'm gonna search within the regular range for it, one by one.

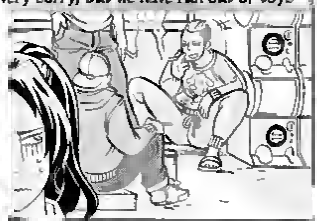
I'll search that area...
There's lots of people.

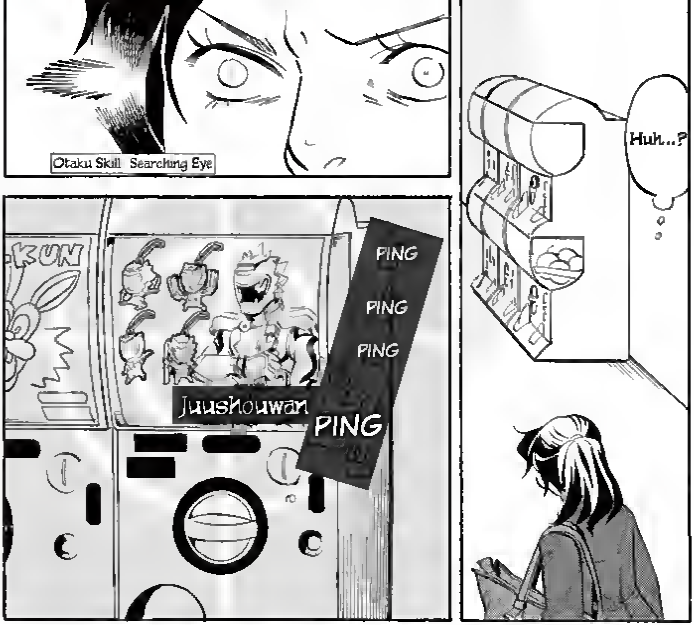


Gee Gee Zoo
Sleeping Animal Series
RABBIT KUN
Ani-mals...
But they're cute.

TN: The sign reads "We're very sorry, but we have run out of toys"

When she was little, she wasn't allowed to do this sort of thing,
and so she decided to make lots of her own money.
Mom please!
Just this once, please, please!
Stop it! It's unacceptable!





Otaku Skill: Searching Eye
Huh..?
PING
PING

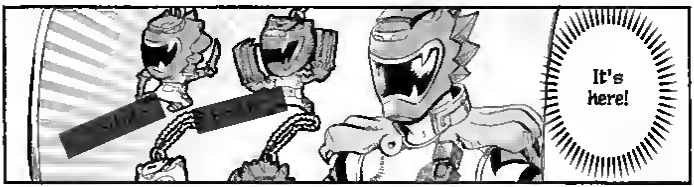
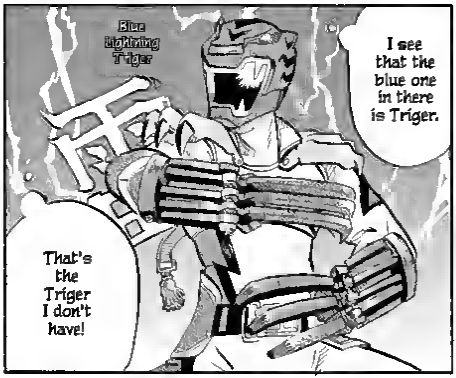
Juushouwari
PING



It's here!

But why is that, I wonder, even though it's near a normal multi-tenant building...
It's here
It's here!

That's it!
There's four left...
She's peeking through the crack



Blue Lightning Triger
I see that the blue one in there is Triger.
That's the Triger I don't have!

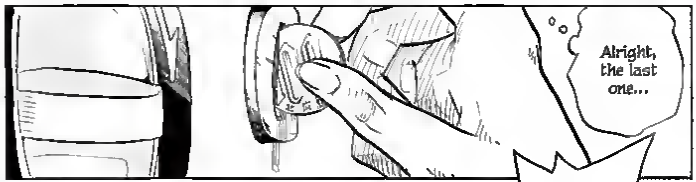
The owner
うん♡
must most definitely like it.
Nakamura has low level detection skills

Juushouwan
Alright! I'll be all done with this!
Nakamura normally has a massive supply of 100 yen coins.

since it'll contribute to the sales as well.
Twist
Click
I'll get all four out...

Twist
Twist
Twist
Click
Clack
Since it's the one on the top, it might be the last one to come out.

What I should spend my money on...
is my freedom!



Alright, the last one...

バス

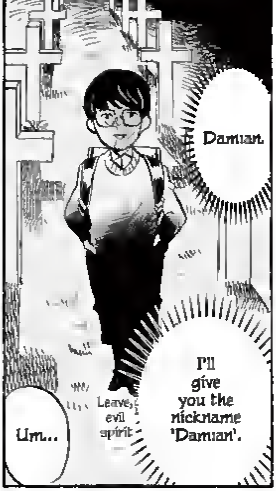
Ah!
!?

Why is there a little kid wandering aimlessly at this time!?
Oh
Um
Err
Huh!?
It's past 9pm now, right!?
Ah.
Toei Seminar

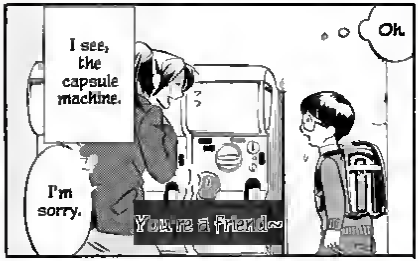
It's placed there because of the cram school kids!!
That's right, cram school!!
Toei Seminar
Recruiting Students
There's no such owner who likes capsule toys...
Waaahhhhh
It was a trap!

Why are you looking at me this much!? Feel like ratting me out?
This little cram school kid is serious!
He's serious!!

That...



Damian
I'll give you the nickname 'Damian'.
Leave, evil spirit
Um...



I see, the capsule machine.
Oh.
I'm sorry.
You're a friend~

But

14

Uhh, I got similar ones, so I'll give you some.

The last one is Triger...
Akh
Akh

---It's bad to receive things people you don't know,

and so I have to use my own money or there's no meaning.

You bill kitchen!!

He's serious!! I knew he was serious!

Oh, it's Triger!

Moreover, he's a Triger fan...

I should concede here...

Yay Gatcha gatcha

The vendors will put it in again...

Triger Triger

No.

15

The start of the launch was some time ago,

Junishouwan Second Swing Set

A mysterious character is in the lineup!!

An infinity is so silly!

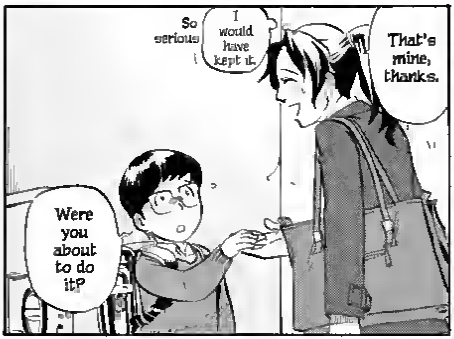
so the next time it's already out, it's impossible huh...

If I were a child, I definitely wouldn't have handed it over...

No way! I'm pulling until Triger's the last one to come out!

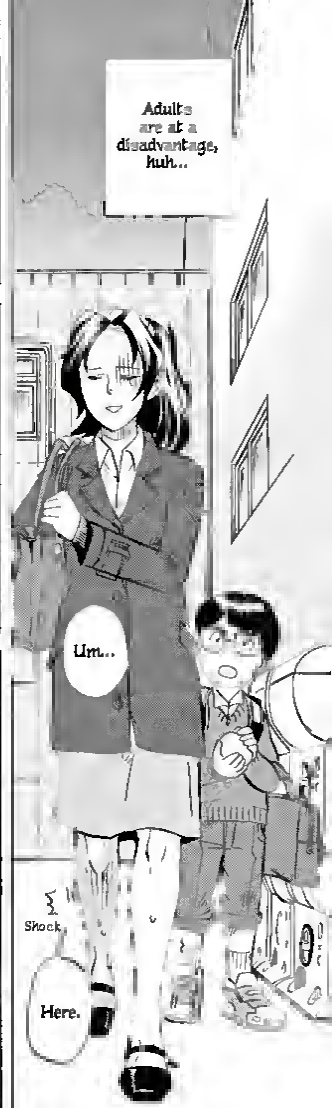
No fair!

It gave some money back.
Here.
Oh.



So serious
I would have kept it.
That's mine, thanks.
Were you about to do it?

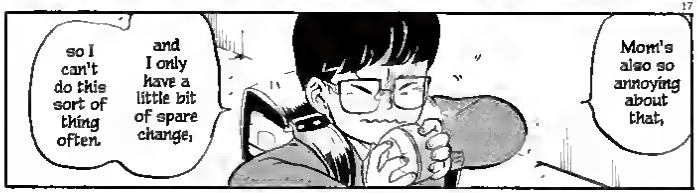
Huh!?
It's in other places as well!?
Oh
I'll do it at another place, so it's fine.



Adults are at a disadvantage, huh...
Um...
Shock
Here.

Then I can't go, huh...
Train...
Is there a Shishileo one?
Where is it!?
Can I go by bike?
Ohh
It's about three stations from here by train.

Kids can't go about on their own by themselves...
I see...
Well, I don't know about that...
Ohh...
Hey
I'm busy at cram school, right?



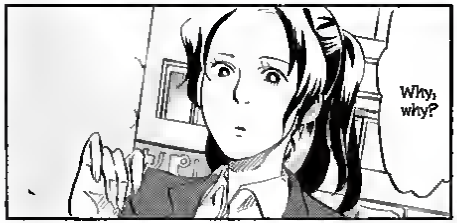
so I can't do this sort of thing often.
and I only have a little bit of spare change,
Mom's also so annoying about that,

When I grow up, I'll use my own money.
I guess so, I can go anywhere I want,
I got no cram school as well,
I have my own money too.
Even if I do stay up late, I don't get yelled at.
It's nice being an adult, huh...
...I see...

Watch.
It's difficult opening one with a child's strength.
Screw type
Pull type
New face
Triangular type, easy to open
The pull type capsule is tightly thrust in, and in many cases will not open.
19
Haaa!
And then you press!
But,
Match the base of the thumb and palm with the joint...
Here
Grip

How's that.
Amazing! I've never opened it in one go before!

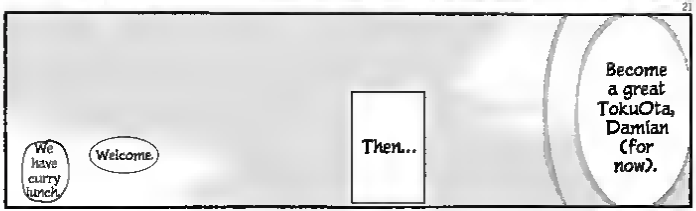
CRACK
Ah!



Why, why?

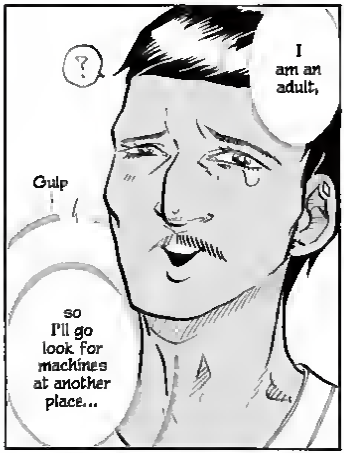
Because...
I'm an adult...

Junshou-wari trivia
So cool...
Triger is a guy who is a wee bit smug.
A few days later, she regretted being immature a little.



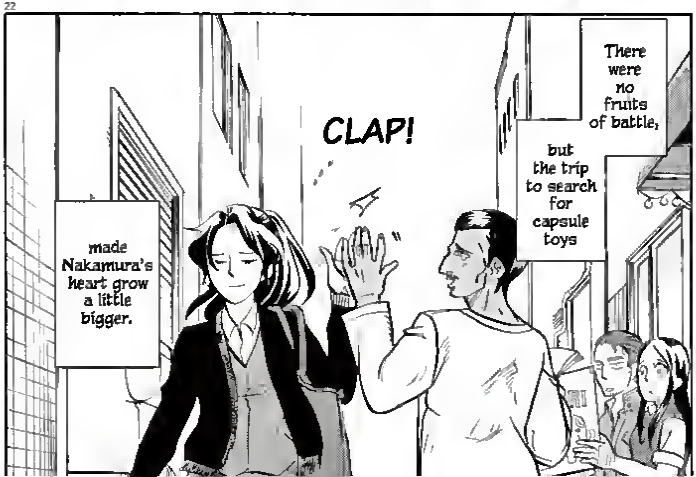
Become a great TokuOta, Damian (for now).
Then...
Welcome.
We have curry lunch.

Shock
Hell-



?
I am an adult,
Gulp
so I'll go look for machines at another place...

Indian guy (for now)...
Gulp
sorry for hating you up to now.



CLAP!
There were no fruits of battle,
but the trip to search for capsule toys
made Nakamura's heart grow a little bigger.
